Control Odors with United's New Seasonal Fragrance – LEMON ROSEMARY

United 289

LEMON ROSEMARY

Spray Deodorant with AirZoneE™

First, eliminate odors with United's AirZoneE™ Technology.

- AirZoneE™ doesn't mask odors.
- Odor molecule scavengers seek out and truly destroy the odors.
- Long lasting and easy to use.

Next, let our Lemon Rosemary fragrance return your employees and customers to thoughts of:

- Spring time holiday gatherings with family and friends;
- Fresh spring air and new plant growth that draws us out from our winter hiding;
- Spring cleaning that lifts spirits and brightens facilities and homes.

Our seasonal Lemon Rosemary fragrance will trigger good memories, while providing aromatherapy benefits. Like opening a window to the fresh spring air, it will energize, lift mood, and relax you; while improving alertness and concentration.

Available in our quart packaging, while supplies last.
